This year: The Governing Board and Youth Ministry Team all feel that it is important to support our youth and pray for more youth engagement in the broader life of our community. As such more funds are being designated to this mission trip prior to our fees and each youth attending the summer trip will be required to participate in 5 Congregational activities or events.

If you/your child has not participated in a fundraising event or congregational event/activity between now and the midway point of February 1<sup>st</sup> Either Sister Tashina or Pastor Renee will be in touch with you. Fundraisers and other events are still in the planning stages and will often be planned strategically around dates mission trip bills are due. Thank you for your understanding.

As a youth committing to going on a trip you are also committing to help with specific fundraisers and congregational events/activities (see flip side) as well as, attending the pre-trip meetings. Other fundraisers will be available depending on participation. You will need to be an active part of the group and attend all pre-trip and post-trip activities (see flip side). These trips are not just about the week long experience, but about being part of the group and impacting your life forever, your participation in the entire process is required. We also want you to be an active part in some area of the church, so that you will be nurtured throughout the year as you prepare to serve God through cross-cultural missions.
